## HOTEL DEL CORONADO DEBUTS NEW HOLIDAY EXPERIENCES IN 2019

### *Frostbite Offers a Place to Chill*

### *Krystal The Ice Princess Entertains Children of All Ages*

**Coronado, Calif., (Nov. 1, 2019)** – For 131 years, families have traveled to enjoy the architecture, ambiance and allure of Hotel del Coronado, one of the last remaining seaside Victorian-era resorts in the United States. Perhaps at no other time of year is The Del as beautiful and grand than the holidays, when the ambience of thousands of white lights and stunning décor create heart-warming scenes and cheerful places to gather with friends and family.

Headlining a long list of heartwarming holiday family experiences is the return of “Skating By The Sea,” an ice-skating experience overlooking the Pacific Ocean. Returning this year is Frostbite, *A Place To Chill*. The rink-side lounge experience offers roaring fire-pits, plush seating and full food and beverage service with advance reservations for groups of up to six. Skating By The Sea and Frostbite open Nov. 22 through Dec. 31. A portion of proceeds of Skating By The Sea supports Make-A-Wish Foundation.

New this holiday season is the transformation of The Del’s Victorian garden into a winter wonderland. Here, families can enjoy playful flurries of snow, cookie decorating, letter writing to Santa, games and photos with Krystal, an ice princess from the mythical land of Nimbus, who brings a kiss of winter to the warm shores of Coronado this year. A schedule of activation dates and hours is available at [www.hoteldel.com/holidays](http://www.hoteldel.com/holidays).

The Del’s new holiday experiences are in addition to the many traditions guests have enjoyed for generations, including Jingle Roast, where guests enjoy s’mores under the stars, Polar Bear Tea, Sunday Brunch with Santa, holiday movies on the beach and more. For additional information on holiday events, activities and dining at Hotel del Coronado, please see the attached Fact Sheet or contact Stacey Ellis at Hotel del Coronado.
